

HUMAN GENOMICS FACILITY

HUGE - F

Genetic Laboratory Rotterdam

A SELECTION OF OUR SERVICES

GENOTYPING

- **Illumina Global Screening Array (GSA)**
 - 710K SNPs for GWAS including 50K clinical content
 - € 28,50 per sample (running cost included)
- **Affymetrix Precision Medicine Research Array (PMRA)**
 - 900K SNPs for GWAS including clinical content
 - € 45 per sample (running cost included)

EPIGENETICS

- **Illumina methylation-EPIC-array**
 - 850K comprehensive genome-wide coverage of the methylome
 - € 245 per sample

TRANSCRIPTOME

- **Affymetrix GeneChip**
- **RNA sequencing** starting at € 300 per sample

MICROBIOME PROFILING

- **16S RNA sequencing** € 20 per sample
- **Affymetrix microbiome array** € 110 per sample

DNA SEQUENCING

- **Whole Exome** • Nimblegen MedExome € 350 per sample (6Gb)
- **Whole Genome** • € 900 -1350 (by number of samples)

LOCATION
