

HUMAN GENOMICS FACILITY

HUGE - F

A SELECTION OF OUR SERVICES

GENOTYPING

- **Illumina Global Screening Array (GSA)**
 - 760K SNPs (GWAS + pharmacogenetics + clinical content)
 - € 28,50 per sample (running cost included)
- **Affymetrix Precision Medicine Research Array (PMRA)**
 - 900K SNPs (GWAS + pharmacogenetics + clinical content)
 - € 46,50 per sample (running cost included)

EPIGENETICS

- **Illumina methylation-EPIC-array**
 - 850K comprehensive genome-wide coverage of the methylome
 - € 199 per sample (running cost included, sample volume dependent)

TRANSCRIPTOME

- **Affymetrix Clariom-S** price upon request
- **RNA sequencing** € 300 per sample

MICROBIOME PROFILING

- **16S RNA sequencing** € 24,50 per sample
- **Affymetrix microbiome array** € 80 per sample

DNA SEQUENCING

- **Whole Exome** • Nimblegen MedExome € 350 per sample (6Gb)
- **Whole Genome** • € 900 -1350 (sample volume dependent)

Prices are within Erasmus MC and may vary by specifications of services.
